

Applicant: Girton, Timothy S.
Application No.: 09/704,494
Filing Date: November 2, 2000
Docket No.: 760-35
Page 2

1 providing an interpenetrating network of siloxane and polytetrafluoroethylene; and
2 removing said siloxane from said interpenetrating network leaving a porous
3 polytetrafluoroethylene structure, wherein said porous polytetrafluoroethylene structure is not
4 expanded PTFE.
